WE GROW OUR OM

10 mushroom species in our organic indoor farm in California.

NO FILLER!

Grown on whole oats or sorghum, which provide nutritious "food" for the mushroom mycelium. After completing its lifecycle, we dry the mycelium and fruiting bodies together and nothing gets left behind.

NO EXTRACTS

Our minimally processed, full-lifecycle mushrooms provide a full spectrum of active compounds to support optimal health[‡].

- ✓ Whole Food Nutrition
- ✓ Beta Glucans and Prebiotics
- ✓ Tested for Heavy Metals
