OM MASTER BLEND

Supercharge your daily health with this unique blend created by our mycology experts. It contains 10 species of USA grown, organic whole food mushrooms with a full and diverse spectrum of naturally occurring active compounds including 400mg beta glucans, plus 250mg of KSM-66®, a potent full-spectrum Ashwagandha root extract that helps improve resistance toward stress†. It's a powerful master blend for vibrant health†.

WE GROW OUR OM.

We grow a diverse range of mushroom species in our organic indoor farm in Southern California.

NO FILLER!

Our mushrooms are grown on organic whole oats or sorghum, which provide nutritious "food" for the mushroom mycelium. After completing its lifecycle, we dry the mycelium and fruiting bodies together and nothing gets left behind.

WHOLE FOOD MUSHROOMS, NO EXTRACTS

Our minimally processed, full-lifecycle mushrooms provide a full spectrum of active compounds to support optimal health†.
