

DIRECTIONS: Take two capsules with meals, twice daily, or as directed by your healthcare professional.

Consult your healthcare professional prior to use. Individuals taking medicine should discuss potential interactions with their healthcare professional. Do not use if tamper seal is damaged. The labeling on this product does not comply with California's Proposition 65. Therefore, this product may not be sold in California.

Bone Support Complex contains microcrystalline hydroxyapatite concentrate (MCHC), a complex crystalline compound containing calcium, phosphorus, bioactive growth factors, type I collagen, amino acids, glycosaminoglycans and a broad range of essential trace elements that naturally comprise healthy bone. Bone Support Complex contains additional calcium and magnesium in the form of highly absorbable Albion® minerals. Vitamin D₃ in the form of cholecalciferol supports intestinal calcium absorption and homeostasis in the body and completes the comprehensiveness of this bone-support formula.[†]
