

STIMULANT-FREE Weight Loss Support!

Our story....

“I was frustrated that there were no products available that contained **enough of** or **the right** active ingredients.

Using medical research and with a team of the top Endocrinologists in the USA, I formulated my own products.

My products offer the most effective combination of ingredients, **at high enough doses**, with fewer pills, and from one trusted source.

You can feel confident you are getting natural supplements that are truly worth taking.†”

Insulin is a FAT-storing hormone!

HOW IT WORKS

Take 1  capsule with meals to:

- ✓ **REDUCE DIGESTED CARBS**
Berberine helps block a digestive enzyme that breaks down carbs into sugars to reduce absorption of carbs & calories.†
- ✓ **REDUCE SUGAR CRAVINGS**
Gymnema can occupy sugar receptors to trick the brain into not craving sugar.†
- ✓ **FIGHT FAT STORAGE**
Chromium supports healthy after-meal blood sugars and insulin levels (a fat-storing hormone) to support weight loss.†
- ✓ **SUPPORT FAT BURN**
Berberine supports healthy leptin function, a hormone that decreases hunger & promotes calorie burn.†
