WITH CARE

I blended these full-spectrum CBD drops to help people benefit from the hemp plant's large range of cannabinoids, including up to 0.3% THC (the federally legal amount). I've also added a special blend of terpenes, the compounds that give herbs and fruits their flavor. Combined, these may create a phenomenon known as the "entourage effect," in which multiple compounds synergize for even greater wellness potential.

I hope Green Roads becomes a daily part of your wellness journey.
