CLEAN GAINER - QUALITY PROTEIN, CLEAN CARBOHYDRATES AND HEALTHY FATS

World class athletes spend many hours traveling all over the world. During these long periods, access to proper nutrition can be limited and inconvenient. Athletes also have periods in and out of season where they have specific physical goals. Building lean, functional muscle for sport is one of those goals.

CLEAN GAINER is the ultimate combination of protein, carbohydrates and healthy fats designed to provide a complete nutritional spectrum in a supplement to support a healthy diet.

CLEAN GAINER is nano-partitioned, a process where the product is both chilled and micro-filtered, preserving the macro nutrient profile and yielding exceptionally high bioactive protein fractions.

The micro-filtration allows only the smallest particles to pass through the ultra-fine filtration screen. This leads to a protein that mixes instantly without issues involving clumping or sticking to the inside of the shaker cup.

Warning: Consult a physician before using if you are unaware of your current health status, if you have a medical condition, or if you or your family has a medical history of cardiovascular disease, diabetes, psychological disorders, hormonal abnormalities, or if you are taking any prescription drug. Do not exceed maximum daily dosage. Do not use if safety seal is broken. Contains ingredients derived from milk. **KEEP OUT OF REACH OF CHILDREN.**
