

SUGGESTED USE: Take one capsule per day or as directed by a healthcare professional.

5 Probiotic Strains to Support Digestive Health†

Probiotics are beneficial bacteria that are normally found in our digestive system, and are important for supporting the intestinal flora. The majority of our immune system is closely tied to our digestive tract, making it even more important to support proper gut health.† Just one capsule of our **Baseline Multi-Flora Probiotic** contains five different, well-researched strains of "good" bacteria.†

** at time of manufacture.

CONTAINS NO artificial colors, flavors or preservatives; no wheat, eggs, peanuts, tree nuts, crustacean shellfish or fish.

^ SGS verified the process for manufacturing this product with no GMO ingredients. www.sgs.com/no-gmo

Refrigeration is not required for this product, however, storing it in a refrigerator after opening to support the potency of the product is suggested.
