

Promote Joint Health with a premium Glucosamine Sulfate†

Glucosamine is a basic building block of all the connective tissues in joints.† Your body can produce this amazing compound, but many factors can interfere with its production.† Taking Glucosamine Sulfate helps the body manufacture the materials required for healthy joints.† Our product, **Joint Basic**, uses glucosamine sulfate bound to potassium instead of sodium, which further supports fluid balance, nerve and muscle health.†

**CONTAINS NO** artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, sesame, tree nuts, soy, or fish.

^ SGS verified the process for manufacturing this product with no GMO ingredients. [www.sgs.com/no-gmo](http://www.sgs.com/no-gmo)
