GREEN COFFEE BEAN

EXTRACT POWDER

Green coffee beans have been used for centuries to make various foods and beverages. Containing an array of natural phytochemicals, including Chlorogenic Acid, Green Coffee Bean Extract Powder is made from unroasted coffee beans and contains less caffeine than regular coffee. This potent extract can be added to your favorite drink.

Supplement Facts

Serving Size: 1/4 tsp (700 mg)
Servings Per Container: 648

Amount Per Serving	% Daily Value
Green Coffee Extract (seed) 700 mg [min. 50% Chlorogenic Acid (350 mg)]	†

† Daily Value not established.
