

Comvita™ Multifloral Mānuka is a smooth blend of honey derived from the Mānuka flower and other New Zealand wildflowers. Rich in color, and with a flavorful taste, it adds a delicious touch of nature to your day!

This MGO® 50+ Multifloral Mānuka Honey is scientifically proven to contain a minimum 50mg/kg of Methylglyoxal* (MGO), a naturally occurring compound in Mānuka Honey.

As this is a natural product, its color may vary. Not suitable for children under 1 year of age. Do not use if induction seal is broken.

Store in a cool, dry place with the lid down. To get every last drop of honey out, try gently warming.
