

ATP is a revolutionary patented formula that works at the cellular level to maximize the chemical potential of ATP production; the molecular source of energy. The unique formulation in ATP is calculated to include the body's own biochemistry to achieve optimal energy levels.*

U.S. Patent # 8,344,032 B2

Suggested Usage: Take 1 capsule three times daily with food. To achieve maximum benefits for cellular response, take with a protein. You may experience a "Niacin Flush" (a temporary redness and warming sensation). Some stinging, itchy skin and redness may occur. This is normal and will subside within 30 minutes. If you find this experience uncomfortable, then reduce dosage and take with a full meal.

Warning: Not recommended for pregnant or nursing women. Keep out of reach of children.

Store in a cool, dry place. Do not use if safety seal is broken.
