

MYO GROW This dynamic blend of ingredients works with your body's biochemistry to support the optimal function of your pituitary gland, which is responsible for the production of human growth hormone.*

Suggested Usage: Take 2 capsules twice daily, preferably morning and night. You may experience a "Niacin Flush" (a temporary redness and warming sensation). Some stinging, itchy skin and redness may occur. This is normal and will subside within 30 minutes. If you find this experience uncomfortable, then reduce dosage and take with a full meal.

Warning: Not recommended for pregnant or nursing women. Keep out of reach of children. Store in a cool, dry place. Do not use if safety seal is broken.
