

SUGGESTED USE: Gently shake well before each use. For infants: Invert bottle 2-3 times before removing cap. Remove cap, hold upside down and wait for 1 (one) drop. Immediately turn the bottle upright after 1 (one) drop is dispensed. Place 1 (one) drop daily onto a clean finger, pacifier, or parent's nipple before nursing. Alternatively, mix 1 (one) drop daily with milk or other food.

WARNING: Store in a cool, dark place. Consult with your physician before use. Never administer this product by putting the bottle directly into the child's mouth. If taking blood-thinning medication, consult a healthcare practitioner before using. See box for more information.
