

GastroDefense Daily™ supports a balanced healthy immune and digestive system. It is a proprietary formula made up of 16 powerful probiotics, inulin, oat fiber and our own PRO Colostrum-LD® bovine colostrum. Colostrum is the first food of life and is collected from the first milking of Grade A dairy cows. PRO Colostrum-LD is liposomal encapsulated with lipids extracted from milk and sunflower oils to help protect the colostrum from the digestion process for optimal absorption. **GastroDefense Daily** helps promote regularity, supports immune response and maintains healthy intestinal flora for a balanced digestive system.

LactoSpore® is a registered trademark of Sabinsa®
