# BERBERINE 250

## Barberry Root Extract

Blood Sugar Balance · Cholesterol Support

Dietary Supplement | **360** Easy-to-Swallow Capsules

**BERBERINE 250** provides a standardized extract of berberine from the root of the barberry plant. It is intended for those seeking to naturally support healthy blood sugar and cholesterol metabolism. Like turmeric, berberine's bright yellow color has made it a popular natural coloring agent throughout Asia for thousands of years. Also like turmeric, berberine has been respected for centuries as an important traditional medicine. Modern science and research have validated the wisdom of many traditional medical practices, including the use of berberine. Among its many beneficial properties, researchers have studied berberine's ability to naturally promote healthy blood sugar balance and metabolism while also promoting healthy blood lipid and cholesterol metabolism. As a society, our expanding waistlines have only increased our concerns regarding blood sugar and cholesterol. Our berberine extract provides a natural means of supporting our efforts toward more balanced blood sugar, lipids and cholesterol.
