MAXIMUM JOINT EFFORT®

1,500 mg Glucosamine Sulfate • 1,200 mg Chondroitin Sulfate
M.S.M. (Methylsulfonylmethane) • Curcumin Phospholipid Complex

MAXIMUM JOINT EFFORT is our most comprehensive formula to support the structure and function of our joints. We provide optimum potencies and balance of four key ingredients for the repair and maintenance of healthy joint tissue. We begin with clinically established levels of the most well-researched natural ingredients for joint health: Glucosamine Sulfate (1,500 mg) and Chondroitin Sulfate (1,200 mg). These two ingredients are only present in their sulfate form given the essential role that sulfur plays in their benefits. We further enhance their benefits with an ideal source of organic bioavailable sulfur from MSM (MethylSulfonylMethane). We also include the naturally soothing benefits of Turmeric from our uniquely bioavailable curcumin-phospholipid complex. Turmeric and its curcuminoids have been recognized for centuries and are responsible for a long list of benefits throughout the body, particularly their soothing relief to our hardworking joints.

Glucosamine and Chondroitin have been the subject of thousands of scientific studies and as a result, are viewed as the first line of natural defense for joint tissues; however, unlike ordinary joint products, we do not use the unproven Glucosamine HCl (hydrochloride). We only use the form established in the scientific literature – the Sulfate form. We also use our uniquely sodium-free Chondroitin Sulfate, which provides 80 mg of essential calcium. Typical joint products use inferior sources of both glucosamine and chondroitin, which do not possess their clinically established benefits and can adversely affect blood pressure by adding unnecessary sodium. In short, Glucosamine, Chondroitin and the sulfur from their Sulfate form, as well as from MSM, provide the essential structural “bricks and mortar” of healthy joints. Our joints endure a lifetime of wear and tear on our behalf and these three structural ingredients, along with our uniquely soothing Turmeric curcumin-phospholipid complex, provide maximum benefits to joint structure, function and health.

SUGGESTED USE Consume one packet (6 capsules) daily—preferably with food. You can decrease your intake based upon your needs and as guided by your health care provider. **For questions about the use of this product call 800.800.1200.**

Supplement Facts		
Serving Size 1 Packet (6 Capsules)		
Servings Per Container 60		
Amount Per Serving		% DV*
Vitamin C (as ascorbyl palmitate)	10 mg	11%
Calcium (from calcium chondroitin sulfate)	80 mg	6%
Potassium (from potassium glucosamine sulfate)	230 mg	5%
Glucosamine Sulfate as Potassium glucosamine sulfate	1,500 mg 2,000 mg	†
Chondroitin Sulfate (from calcium chondroitin sulfate)	1,200 mg	†
MSM (as methylsulfonylmethane)	800 mg	†
Curcumin Phospholipid Complex (Turmeric, 95% extract (root) and phospholipids)	100 mg	†

Other Ingredients: Gelatin capsule.

CONTAINS an ingredient derived from the shells of shellfish (shrimp, crab and crawfish).

CONTAINS NO Milk, soy, yeast, corn, wheat, gluten, sodium, salt, sugar, starch, cholesterol, emulsifier, wax, binder, filler, excipient, lubricant, coating, diluent, flowing agent, color, flavor, sweetener or preservative.

CONTAINS NO ADDITIVES OF ANY KIND

The
Perma-Fresh
Packet.

To retain potency, vitamins must be protected from light, moisture and oxygen. Sadly, ordinary packeting materials do not effectively do so. Our unique Perma-Fresh Packet is constructed from multiple layers of specialized materials to safeguard the potency of your vitamins and provide the protection they, and you, deserve.
