

AUX™ was designed to increase nitric oxide, help optimize delivery of oxygen and nutrients to the muscles, and facilitate the body's production of ATP energy (energy at the muscle's cellular level). The increase in performance at a cellular level along with the antioxidant properties of AUX help the body in ridding itself of metabolic waste that builds during exercise, allowing the body to increase its threshold of becoming fatigued, and resulting in a more rapid recovery.

As a dietary supplement, mix 1 scoop in 8-10 oz of water.

GLYCO-CARN®

GlycoCarn® is a registered trademark of Sigma-tau HealthScience and is manufactured exclusively under USA production patent 6703042 and Worldwide production patent EP1202956

Warning: Do not exceed recommended dose listed. This product is not intended for use by any persons under the age of 18, who are pregnant or lactating, or have serious medical conditions. All persons should consult a physician before using dietary supplements as individuals may have different supplement needs. Consumption of this product that is inconsistent with recommended usage may produce adverse side effects. Discontinue use and contact a physician immediately if you experience rapid heartbeat, dizziness, blurred vision or other similar symptoms.

KEEP OUT OF REACH OF CHILDREN.
KEEP CONTAINER TIGHTLY CLOSED IN A COOL, DRY PLACE.

Highly hygroscopic ingredients so slight clumping may occur. If so, close container and lightly shake.
