

RE•BODY™
SafSlim™

A clinically researched ingredient to help reduce fat, including belly fat!*

SafSlim™ is a scientifically formulated supplement that helps reduce belly fat.* Its main ingredient is high-linoleic safflower oil. A major university study conducted on overweight, post-menopausal women who had high blood sugar showed they had an average reduction of 6.3% belly fat and an average of 20.3% increase in adiponectin.* To achieve weight loss, this product must be taken as part of a reduced-calorie diet and exercise program.

SafSlim is powered by patent-pending SAFActive78™ emulsification technology.Δ

SUGGESTED USE: Shake well. Take 1 Tbsp. twice daily before meals. Those with sensitive digestive systems can take ½ Tbsp. four times daily with meals and at bedtime. Delicious by the spoonful or mixed into cold beverages, shakes or yogurt. For best results, take for a minimum of 16 weeks.†

Check with your healthcare practitioner before beginning a reduced-calorie diet and exercise program or before taking this product if you are pregnant, nursing, under a doctor's care or taking medication. Some people taking SafSlim experience digestive upset including nausea and loose stool. If you do, discontinue use and consult your healthcare professional.

†Use in conjunction with a reduced-calorie diet and exercise program.

Keep this product away from pets.
