Take 3 capsules as needed. Probiotics are most effective when taken after meals.\* Store in freezer for maximum shelf life and potency.

## RESTORING YOU

Our fifth-generation family farm has been rooted in the Pacific Northwest since 1928. My wife, of nearly 50 years, and I have experienced the joy of watching our children and grandchildren thrive in one of the world's most vibrant ecosystems. Over the past 20 years, we've been formulating these natural wholefood supplements to enhance our own vision of gut health, mobility freedom, and immune support.†

Since those early days, we have both earned doctoral degrees in Naturopathic Medicine and Education and are thrilled to offer our learning, our experience, and these, Doctor's Choice, Naturally, restorative supplements to you. We hope that this bottle of Caprobiotics Plus,® cultured in soothing goat milk, brings you (and your microbiome) healing and renewal as it empowers you to restore your health, naturally!
