

CATALO Children's Probiotics Chewable Formula uses Intestinal and Oral Defense Probiotics Complex that provides 5 billion CFU containing 5 carefully selected Probiotics Strains together with Inulin. These beneficial strains play a critical role in our immune system's first line of defense, which comes in chewable tablets with delicious mixed berry flavor, so chewing them is the perfect delivery method to quickly provide healthy, targeted probiotics to oral cavity and digestive system.

Main Functions:

- Enhance bowel movements, relieve digestive upset
- Inhibit mouth bacteria and reduce tooth decay¹ and swelling gum²
- Protect throat and maintain upper respiratory tract health
- Reduce occasional bowel problems
- Promote natural immune defense and overall wellness

Suitable for: Children, poor immunity, suffer from occasional bowel discomfort or digestive upset, bloating, want to improve oral and dental health, reduce tooth decay and swelling gum, maintain good respiratory and intestinal health
