Aromat8-PN™ delivers a unique, proprietary blend of 8-prenylnaringenin (8-PN) from hops and plant-lignin extract at clinically relevant levels. Research suggests lignans and 8-PN can support the body's natural process of healthy aromatase activity and exert phytoestrogen (e.g., enterolactone) and antioxidant activity. This all-natural formula may support cardiovascular, bone, breast, and prostate health and help relieve normal menopausal discomforts.*
