

CBD RAW HEMP PROTEIN POWDER

PROTEIN
5.3g
HEMP PROTEIN

CANNABINOID
33mg
0mg THC

HYPOALLERGENIC PROTEIN WITH FIBER AND OMEGA FATS
FOR DIGESTIVE SUPPORT AND HEART HEALTH

Net Wt. 4oz (113g) 500mg CBD / 0mg THC

SUGGESTED USE:

Add 1 Tablespoon to your favorite smoothie or drink for after your workout or as a meal replacement (depending on your consistency preference).

Hemp protein has a nutty flavor that tastes great with cacao, or blended in with fresh fruit.

Our hemp protein powder is gently cold processed, preserving vital nutrients and enzymes. No preservatives, additives or processing aids are used. Unlike other vegan protein powders, hemp contains a high amount of dietary fiber as well as mega fatty acids. This makes hemp a unique source of support for muscles, heart, and digestive health.
