As parents, we want the best for our kids, especially when they face occasional irritated throats or raspy voice. NaturaNectar's Bee Hero™ Throat Kids provides natural soothing and delicious relief while also supporting their respiratory, oral and dental health.*

This three-decade old Scandinavian formula from Salomon Propolis® provides children with all the protection of bee propolis without affecting their delicate mucous membrane. This is possible because our formula contains NO alcohol, and NO propylene glycol, and it's so delicious for the little ones' taste.

PWE is Clinically Studied

A placebo controlled clinical study, published in 2003, indicates that our PWE helps support respiratory health* and maintain a healthy inflammation response*.
