

Directions: Take two capsules daily with or without meals.

Extra Strength Turmeric is the only wild, raw, whole food turmeric extract available, containing the full complement of curcuminoids and the turmeric essential oils—over 200 active ingredients. The turmerones are CO₂-extracted, which increases bioavailability and potency. Other turmeric products are mere isolates, which are inferior. Moreover, this master formula is enhanced with 4 additional ingredients that synergize with turmeric to support the body's healthy natural inflammatory response*. Its antioxidant powers are potent at 35,000 ORAC per serving. Mycellized for superior absorption. You'll feel the difference fast.
