DIRECTIONS: Take contents of one packet twice daily, or as directed by your healthcare practitioner. Do not use if tamper seal is damaged.

Cardio Essentials™ is a combination of four targeted nutritional formulas packaged together to provide convenience and comprehensive cardiovascular support.*

CoQmax CF™ is XYMOGEN's proprietary, crystal-free, 50 mg CoQ10 for convenient dosing. The formula offers unparalleled absorption and bioavailability. CoQmax CF has been shown in clinical trials to be over eight times more absorbable than powdered CoQ10 and more than twice as bioavailable as other oil-based or so-called "nano"-dispersed formulas on the market. CoQmax CF's proprietary multi-lipid carrier is a formulation that is unmatched for optimal utilization in the support of cardiovascular and energy-based health needs.*

NiaVasc™ is XYMOGEN's sustained-release niacin that uses proprietary wax-coated technology. The formula supports the maintenance of healthy lipid levels equally as well as the instant-release forms of niacin do, but with dramatically less flushing. Nearly every panel of experts, including the National Cholesterol Education Program (NCEP) panel, considers niacin an important nutrient for support of cardiovascular health.*

OmegaPure 600 EC™ is an ultra-pure, Norway-sourced, molecularly distilled, concentrated fish oil that is stabilized with vitamin E as mixed tocopherols to maximize freshness. Delivered in pleasant-tasting, enteric-coated softgels, the fish oil is manufactured in accordance with pharmaceutical standards that assure safe, consistent content. Manufacturing technologies also meet or exceed standards set by the Council for Responsible Nutrition, WHO, and Proposition 65. The oil is third-party tested according to AOCS (American Oil Chemists' Society) international protocols to ensure purity and potency. Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease.*

Red Yeast Rice is developed by fermenting *Monascus purpureus* (red yeast) on commercially grown rice. It has been found to naturally support healthy blood lipid levels already in the normal range. This formula is citrinin-free.*

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**

Each packet contains one: CoQmax CF™ softgel, NiaVasc™ tablet, OmegaPure 600 EC™ softgel, Red Yeast Rice capsule.

CAUTIONS: Consult your healthcare practitioner before use, especially if you have liver disease, are an organ transplant recipient, or are taking prescription drugs. Red yeast rice may inhibit the body's production of CoQ10. Do not take if you are pregnant or lactating.

STORAGE: Keep closed in a cool, dry place out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, corn, yeast, soy protein, dairy products, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, or preservatives.
