

GENIUS

## ETERNAL

THE FOUNTAIN OF YOUTH IS NOT  
OUTSIDE OURSELVES,  
BUT WITHIN OUR OWN BODIES!

Inside each of our cells are literal biological clocks called telomeres that assist with healthy cell replication. These telomeres grow shorter with time due to damage from free radicals, stress, and environmental toxins.\* Genius Eternal contains Telos95<sup>®</sup>, shown in clinical trials to help extend telomere length and lower cellular age. In addition, Genius Eternal includes SerinAid<sup>®</sup>, Sirtmax<sup>®</sup>, Resveratrol and PQQ. These ingredients provide cognitive support for memory, support healthy blood glucose levels, boost antioxidants, and stimulate mitochondrial biogenesis (generating more ATP).\* The human biohacking revolution is now. Unlock the Genius within yourself today!
