

DIRECTIONS: Mix two scoops (45 g) in 8-12 oz cold water and consume. Adjust amount of water according to thickness desired. May be used as a snack, a "rescue" food, an occasional meal replacement, or as directed by your healthcare practitioner.[†]

Children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

FIT Food™ Vegan is an easy-to-mix functional food for vegans, individuals sensitive or allergic to soy and/or dairy, or anyone seeking an alternative source of quality protein. FIT Food Vegan features VegaPro™, an all-natural rice and pea protein blend.

The pea protein isolate in FIT Food Vegan is rich in lysine and arginine. Lysine is of particular interest in weight control because it helps maintain lean body mass. Arginine is essential to weight control for its ability to help increase muscle mass and reduce body fat. Pea protein has the highest lysine concentration (7.2%) of all vegetable-based proteins and the highest arginine concentration (8.7%) among all commercially available proteins.[†]

Easy-to-digest VegaPro features a full complement of amino acids, including branched-chain amino acids.[†]

[†]These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

STORAGE: Keep tightly closed in a cool, dry place out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, yeast, soy, animal or dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or artificial preservatives.
