Net Wt. 32 oz. [907.12g] 100% Colostrum Powder

Dietary Supplement

LD Liposomal Delivery™ protects colostrum for optimal absorption

Sovereign Laboratories by GastroDefense®

Superior Quality

Colostrum-LD® supports a balanced healthy immune system and the healthy integrity of the stomach and intestinal lining. Colostrum is the first food of life and is collected from the first milking of Grade A pasture-raised cows not augmented with rBST, and antibiotic-free. Colostrum-LD is coated with bio-identical liposomal lipids extracted from milk and sunflower oils to help protect the colostrum from the digestion process for optimal absorption. Bovine colostrum, naturally lower in lactose than mature milk, is full of naturally occurring immunoglobulins, growth factors, lactoferrin and amino acids to help optimize a healthy immune function.

For More Variety

Try these delicious variations for more flavor:

- Add an ice cube
- Add ½ tsp of cocoa powder for chocolate flavor
- Add 2 strawberries and/or a few blueberries for taste

Store this product in a cool, dry place.

Colostrum is a natural product. Each order will vary in density, solubility, smell and taste due to season, different cows, and ambient humidity at the time of processing. Serving size is based on weight not volume. If precise measurement is needed, use a gram scale. Empty space left unfilled to facilitate handling.
