

Suggested Use: As a dietary supplement, take 2 capsules daily or as directed by your physician.

Studies have shown epicatechin potentially increases nitric oxide production, increases insulin sensitivity, and supports muscle growth through a novel pathway. It has also been investigated for its nootropic benefits. EPIMUSCLE is non-hormonal and can be used by both males and females.

Warning: This product is only intended to be consumed by healthy individuals 18 years of age or older. Consult your physician prior to use if you are pregnant or nursing. Do not exceed recommended use. Improper use will not improve results and is not advised. Keep out of reach of children. Store in a cool dry place. Do not use if safety seal is broken.
