Mental function often declines during times of stress, fatigue, and as part of the normal aging process. Our **Omega Brain Complex +** provide a valuable combination of nutrients studied to promote a clear mind, promoting healthy brain function.[†]

Vitamin E: Concentrations of this vitamin are lowest in the cerebellum.[†]

B Vitamins: This combination may help maintain healthy homocysteine levels, a compound associated with brain health.[†]

Fish oils: Important in maintaining normal blood flow.[†] DHA is taken up by brain cells more rapidly than other fatty acids and may help maintain normal brain function throughout life.[†]

Ginkgo, Inositol, Phosphatidylserine & Phosphatidylcholine: Facilitates proper brain signal transmission and may promote cognition-enhancing activity.[†]

Rosemary: May help improve circulation, especially to the brain.[†]
