CONTAINS NO Artificial colors, flavors, or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish.

Probiotics are important for restoring and balancing intestinal flora and contribute to whole body health.[†] The majority of our immune system is closely tied to our digestive tract, making it even more important to maintain proper gut health.[†] Our **50 Billion Probiotic Max +** features a high count blend of 16 probiotic strains for broad spectrum support.[†] Multiple strain products tend to be more effective for overall health due to the fact that many strains work synergistically to enhance health.[†] Our product also contains inulin, a unique prebiotic that feeds the probiotics and aids in their survival.

[†] CFU (colony forming units) amount at time of manufacture.
Storing in a refrigerator will maintain and extend potency.
