

Jarro-Dophilus EPS

USAGE: Take 1 capsule per day with water or juice, preferably on an empty stomach, or as directed by your qualified healthcare professional.

Clinically Studied Strains

Studied in human clinical trials: *B. longum* BB536, *B. breve* M-16V, *L. rhamnosus* R0011, *L. plantarum* R1012 and *L. helveticus* R0052 are well characterized and have been shown to interact via multiple mechanisms of action with the intestinal tract and the microbial ecosystem within it.* These strains have been clinically shown to improve the properties of the intestinal microflora, promote intestinal health and support immune response.*

Shelf Stable at Room Temperature + Enteric Coated

Jarrow Formulas' EnteroGuard® provides protection against stomach acid to ensure maximal delivery of probiotic bacteria to the small intestines, where they fully exert their beneficial effects.*

Jarro-Dophilus EPS® is room temperature stable and does not require refrigeration. Refrigeration will, however, extend the shelf-life. Avoid temperatures above 77°F (25°C).

Aluminum Sealed Unit Packaging

- Unit sealed in Double-Aluminum blister packaging.
- Waterproof and Airtight.

Keep out of the reach of children.
