‡Flax Seed Oil Certified Organic by ECOSERT SA.

OmegaThera™ softgels supply a concentrated source of important omega-3, omega-6, and omega-9 fatty acids. Higher amounts of omega-3 compared to omega-6 fatty acids are provided to help balance the ratio of these fatty acids typically found in most diets. Natural mixed tocopherols are added as antioxidants to maintain freshness by protecting the lipid components from oxidation.

Do not use if shrinkwrap is broken or missing. Store in a cool, dry place (59°F-85°F) away from direct light.

Produced under a strict quality management system in compliance with Good Manufacturing Practices (GMPs) and third-party quality certifications.
