America's #1 selling trace mineral brand!‡

Quercetin Gummies offer a delicious way to add quercetin to the diet. Quercetin is a plant pigment that has powerful antioxidant effects on the body.[†] It promotes immunity, longevity, heart and circulatory health, and overall health and wellness.[†]

Suggested Use: For best results, chew 4 gummies daily with food or at mealtime to ensure the nutrients sit well on the stomach during digestion. Store in a cool, dry place, away from direct sunlight. Gummies may stick together in warmer climates, but this does not affect product potency, quality, or efficacy.
