

TruHeight® KIDS APPETITE BOOSTER GUMMIES: are specially formulated to naturally promote your kid's appetite.* Combining essential vitamins and minerals with natural extracts, these gummies promote healthy digestion and metabolic function to support your kid's balanced growth and development.*

CARROT EXTRACT: Carrots are rich in digestive enzymes and fiber which stimulates digestion and promotes gut health.* They're also a natural source of beta-carotene, which converts to Vitamin A for overall health.*

VITAMIN B1 (THIAMINE HYDROCHLORIDE): Vitamin B1 is crucial for energy production and appetite stimulation.* It helps converting food into energy and maintaining a healthy metabolism.*

VITAMIN B12 (METHYLCOBALAMIN): Vitamin B12 is vital for creating healthy blood and nerve cells, and DNA synthesis.* It also supports maintaining proper iron levels and healthy blood function, enhancing overall energy levels.

ZINC (CITRATE): Supports metabolic function, immune response, and the health of skin, hair, and nails, especially promoting strong nails.*

CAUTION: Consult with a healthcare professional before beginning any new supplement regimen, especially for children with pre-existing health conditions or those taking other medications.*

SUGGESTED USE: To achieve the best results, give your toddler two gummies with a small sip of water. Avoid large amounts of water immediately after, as it can slow digestion. After 20-30 minutes, follow up with a meal to maximize the appetite-stimulating effects of the gummies.
