

SUGGESTED USE: Adults take 1 tablet once a day with a meal or as directed by your qualified healthcare professional.

Preclinical research suggests S-Acetyl-L-Glutathione is more stable in the blood and increases glutathione levels within cells better than non-acetylated glutathione.* Glutathione is one of the body's most important and abundant antioxidant and detoxification agents.*

WARNING: Consult a healthcare professional before using this product if you are pregnant, nursing, under the age of 18, are taking medication or have a medical condition; if adverse reactions occur, discontinue use.

KEEP OUT OF THE REACH OF CHILDREN.
STORE IN A COOL, DRY PLACE.
