Made in the U.S.A.

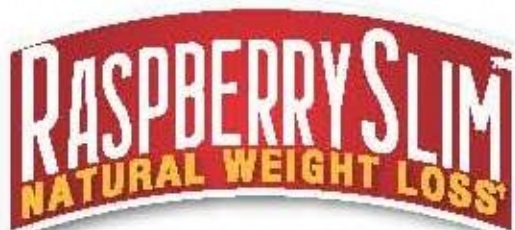

with Green Tea, Mulberry
& Super Fruit Extracts

Raspberry Slim™ with 125 mg of Raspberry Ketone helps your body to burn fat. Raspberry ketone is an aromatic compound found in red raspberries. You can eat a bowl of raspberries with each meal, but that will not be as effective as taking a raspberry ketone supplement.†

Raspberry Ketone helps block the absorption of fat into the small intestine and expedites the metabolism of existing fat stores. Raspberry Slim™ helps suppress the appetite and aids in the breakdown of fat molecules used for boosting your metabolism.†

DIETARY SUPPLEMENT

60 TABLETS

with Green Tea, Mulberry
& Super Fruit Extracts

Raspberry ketone or (Fk), the key ingredient, increases the production of the hormone, norepinephrine, which increases the temperature of the body causing an increase in the metabolic rate. With natural ingredients, raspberry ketone is one of the most effective tools for increasing the metabolism and helps burn calories faster. Discover all the benefits of Raspberry Slim™ and be one step closer to looking and feeling your best!†
