

Directions: Take 2 tablets per day either together or spread out throughout the day. Some customers may get ample results from one pill, but BLOAT REDUCE is designed so that most will need at least 2 pills per day. Drink 16 oz's of water when taking the pills and stay hydrated throughout the day. Taking An Omega-3 supplement with it may also be beneficial.

Warnings: This product is not meant for people with low estrogen levels. Stop taking if you experience headaches, joint pain, skin inflammation, hair loss, nausea or extreme hot flashes and **email us at info@addrena.com**.
This product is not meant for pregnant women or those who are breastfeeding.

KEEP OUT OF REACH OF CHILDREN.

Store in a cool, dry place.
