

OPTIMAL CARNIVORE

HELPING YOU THRIVE WITH THE MOST NUTRIENT DENSE FOODS ON THE PLANET

We believe that everyone deserves access to the most nutrient-dense food on the planet in a convenient, easy to take form.

We only source from 100% grass-fed animals in New Zealand—one of the cleanest purest environments on earth.

The cattle are reared as nature intended, without the use of growth-promoting hormones, free to roam grass pastures.

We gently freeze-dry the organs to preserve all the vitamins, minerals, proteins and enzymes.

NOTHING BUT NUTRIENTS

Hormone-Free & Non-GMO. 100% additive-free. No stearates, lubricants, binders, fillers or flow agents.

Six capsules provide the equivalent of one ounce of fresh, raw whole organs.
