

Optimum-Strength Testosterone Up Pro-Growth was designed to enhance male physiology by delivering a powerful testosterone boost along with targeted extracts and nutrients to support post-work out recovery and key muscle repair and growth mechanisms.*

Testosterone Boost

Featuring PrimaVie® Shilajit Extract. Traditional Ayurvedic texts describe Shilajit as a *Rasayana*, or *Rejuvenator* that has long been used to promote longevity and resilience.* Modern research shows that PrimaVie® Shilajit significantly boosts free and total testosterone in healthy men.*

Muscle Adaptation & Post Work-Out Recovery Support

KSM-66® Ashwagandha + PrimaVie® Shilajit Extract both deliver powerful performance boosts by supporting muscle adaptations to optimize intra-workout performance and enhance post work-out recovery for superior muscle gains.* This formula also delivers Omega-3 dense Fish Oil, and Vitamin D3 to promote a healthy inflammatory response—a critical component to muscle repair and growth.*

Aminos + AstraGin®

This formula features a select combination of amino acids that have been a focus in longevity research and are thought to support key processes in the body.* AstraGin® is a proprietary extract that enhances absorption of amino acids for optimized nutritional benefits.*

For desired results, use in conjunction with regular resistance training.*

What makes us different:

Liquid Soft-Gels - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. Advanced Liquid Soft-Gels provide an optimum delivery system.
