

DIRECTIONS: Swallow with liquid or chew one tablet immediately after breakfast and one tablet before bedtime, or as directed by your healthcare practitioner.

PepciX™ is a zinc-carnosine complex consisting of elemental zinc as well as L-carnosine, a naturally occurring dipeptide (beta-alanine and L-histidine) found in muscle and brain tissue. More than 40 human and animal studies have demonstrated PepciX safely and effectively supports the stomach's own natural cell-protective mechanisms without interfering in the normal digestive process.*
