

**DIRECTIONS:** Take two softgels daily, or use as directed by your healthcare practitioner.

Children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

Phosphatidylcholine (PC) is perhaps the most important molecule among tens of thousands of molecules that comprise a cell. It makes up approximately 50% of the cell membrane, which holds the balance of life in every cell. The pure phospholipids in **PhosphaLine 4:1™** form liposomes in the body's watery environment.

Whereas many other PC formulas on the market contain an approximate ratio of 12:1 between omega 6 and omega 3 fatty acids, PhosphaLine 4:1 contains a 4:1 ratio, which has been endorsed as optimal by the World Health Organization.

**STORAGE:** Keep tightly closed in a dry place at controlled room temperature 15°-30°C (59°-86°F), out of reach of children.

**DOES NOT CONTAIN:** Wheat, gluten, corn protein, yeast, soy protein, dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or preservatives.
