

Directions: Take one capsule 1–2 times per day or as directed by your healthcare practitioner.

B-Replete® is an advanced B-complex providing the entire spectrum of B-vitamins and other complementary nutrients to support healthy homocysteine metabolism, adrenal, energy and neurological function as well as healthy stress response.*

B-Replete® provides activated forms of vitamins B2, B6 and B12, with the addition of benfotiamine, a fat soluble and physiologically active form of thiamin. The 5-MTHF in this formula – Quatrefolic® – is the most biologically active form of folate, allowing rapid uptake into the bloodstream.* The 5-MTHF in this formula is also known as the “L” form of 5-MTHF since it is the reduced form of folate. The addition of para-aminobenzoic acid (PABA), vitamin C and therapeutic doses of B12 and B6 make this a powerful and comprehensive activated B-complex that stands out above the rest.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: Keep out of reach of children.

Storage: Keep tightly closed in a cool, dry place.

This Formula Meets or Exceeds cGMP Quality Standards.

Does Not Contain: Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy.

†As Quatrefolic® 5-MTHF. Quatrefolic® is a registered trademark of Gnosis S.p.A. Patent number 7,947,662.
