

Directions: Take one tablespoon (about 15 mL) 1-2 times per day or as directed by your healthcare practitioner.

Medium-Chain Triglycerides (MCTs) are a special type of fatty acids which are metabolized more fully for energy in the body. Normal fats and oils contain long-chain fatty acids (LCTs). When compared to these fatty acids, MCTs are much shorter in length thus resembling carbohydrates more than fat. As a result, they are more quickly absorbed by the body and metabolized as fuel.* Because of this quick metabolism, the calories in MCTs are very efficiently converted into fuel for immediate use in the mitochondria, instead of being stored as fat.*

MCTs have been shown to enhance thermogenesis (heat production) in the body, thereby promoting the burning of fat.* MCTs contain fewer calories than LCTs, are metabolized quicker and actually contribute to an enhanced metabolism to burn even more calories!*

MCT Oil USP™ can also be used as a substitute for conventional oils in salad dressings, sauces or cooking as a source of beneficial fatty acids. It is not recommended for use in frying due to its low boiling point.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: May cause a mild laxative effect. Keep out of reach of children.

Storage: Keep tightly closed in a cool, dry place.

Does Not Contain: Milk, eggs, fish, shellfish, peanuts, wheat, soy, artificial colors, sweeteners or preservatives.

PROFESSIONAL QUALITY FORMULAS

MCT Oil USP™

Medium-Chain Triglycerides
Contains Caprylic and Capric Acids

32 fl oz (946 mL)

DIETARY SUPPLEMENT

Absorbable Fuel
for Mitochondria*

Supplement Facts

Serving Size 1 Tablespoon (about 15 mL)

Servings Per Container 64

Amount Per Serving	% Daily Value	
Calories	125	
Total Fat	14 g	18%†
Saturated Fat	14 g	70%†
Medium-Chain Triglycerides (MCT)†	14 g	**
(from coconut oil) (55% C8 Caprylic Acid; 35% C10 Capric Acid)		

†Percent Daily Values are based on a 2,000 calorie diet.

**Daily value not established.

Contains: Tree nuts (coconut).
