

Directions: Take three capsules once per day or as directed by your healthcare practitioner.

Mitochondrial Recharge® is a part of NuMedica's Advanced Neuro-Immune Program™ and is used to support mitochondrial function.* Mitochondria are responsible for producing energy as adenosine triphosphate (ATP), which is needed by cells to function properly. Methylation deficiency, toxic exposure and poor nutritional delivery can initiate functional deficiency in the mitochondria.* Mitochondrial Recharge® contains powerful, targeted ingredients, including super antioxidants, minerals and amino acids, to support the optimal function of the mitochondria.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

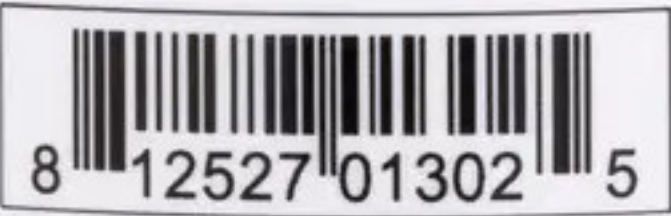

Caution: Keep out of reach of children.
Storage: Keep tightly closed in a cool, dry place.
Does Not Contain: Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy.
