

Directions: Take one capsule twice per day or as directed by your healthcare practitioner.

Nattokinase is an all-natural fibrinolytic enzyme extracted from highly purified Japanese natto. Nattokinase may support the body's natural clotting and fibrinolytic processes.* Researchers have studied nattokinase extensively in human and animal trials. These studies indicate that it may support healthy blood flow as well as aid in successfully breaking down fibrin, a blood clotting protein.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: This product is contraindicated for individuals with a history of bleeding tendency or with conditions associated with bleeding. Use only under the supervision of your healthcare practitioner, especially if taking anticoagulant or blood pressure medications.

Storage: Keep tightly closed in a cool, dry place. Keep out of reach of children.

This Formula Meets or Exceeds cGMP Quality Standards.

Does Not Contain: Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat.

Sourced from non-GMO ingredients.
