

PROFESSIONAL QUALITY FORMULAS

# Niacin SR™

Sustained Release Niacin

120 Tablets  
DIETARY SUPPLEMENT

**Directions:** Take one tablet with a meal 1-2 times per day or as directed by your healthcare practitioner.

**Niacin SR™** is NuMedica's sustained release niacin which features an advanced carnauba wax coating designed to release part of the niacin quickly with the remainder being released over a period of several hours with little or no flushing.\* Niacin has been found to support blood lipid levels related to healthy cardiovascular function by reducing the production of LDL and VLDL in the liver and increasing the production of beneficial HDL which draws cholesterol away from the lining of the arteries.\* Niacin also removes triglycerides from the blood through a process called "lipoprotein lipase activity" and appears to have a strong effect on the production of prostaglandins.\* Additionally, niacin dilates the blood vessels, improving circulation and may aid in flushing out existing plaque.\*

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

**Caution:** Temporary flushing, itching or warming of the skin may occur. Do not use if you have gout, diabetes, liver dysfunction or are pregnant. Keep out of reach of children.

**Storage:** Keep tightly closed in a cool, dry place.

This Formula Meets or Exceeds cGMP Quality Standards.
