ELITE TESTOSTERONE AND ENERGY IGNITER™

METHYL-T™

IGNITE

Energy* | Strength* | Muscle* | Performance*

Wild Berry

Natural and Artificial Flavor

SUGGESTED USE: As a dietary supplement, mix 1/2 scoop of METHYL-T™ with 8 oz. of cold water 30 minutes before workout, to assess tolerance. Follow this regimen for the first week of use. If necessary, increase to 1 full scoop 30 minutes before workout. Do not exceed recommended dose. Do not exceed 1 scoop in any 24 hour period. Exceeding the recommended amounts or not following directions may lead to unwanted effects. Consume a minimum 125 fl. oz. of water per day while taking this product. To be used as part of a physical conditioning program. Contents may settle after shipping. Moisture and humidity can cause clumping and discoloration. Discard after expiration date. **STORE IN A COOL, DRY PLACE AND AVOID EXCESSIVE HEAT.**

WARNING: KEEP OUT OF REACH OF CHILDREN. For use by Healthy Individuals only. Not for use by those under the age of 18. Do not exceed recommended dose. Do not use if you are pregnant or nursing. Before consuming seek advice from a health care professional if you are unaware of your current health condition. Do not consume synephrine or caffeine from other sources, including but not limited to, coffee, tea, soda and other dietary supplements or medications containing phenylephrine or caffeine. Contains caffeine. Do not use for more than 8 weeks. Consult with your physician prior to use if you are taking medication, including but not limited to MAOI inhibitors, antidepressants, aspirin, nonsteroidal anti-inflammatory drugs or products containing phylephrine, ephedrine, pseudoephedrine, or other stimulants. Consult your physician prior to use if you have a medical condition, including but not limited to, heart, liver, kidney, or thyroid disease, psychiatric or epileptic disorders, difficulty urinating, diabetes, high or low blood pressure, cardiac arrhythmia, recurrent headaches, enlarged prostate or glaucoma. Do not use if you are prone to dehydration or exposed to excessive heat. Discontinue use 2 weeks prior to surgery or if you experience rapid heart beat, dizziness, severe headache, shortness of breath or other adverse effects. Do not use if tamper resistant seal is broken.
