

Directions: Take four capsules once per day or as directed by your healthcare practitioner.

OsteoMedica® provides Microcrystalline Hydroxyapatite Concentrate (MCHC) from New Zealand open-range, pasture-fed cattle raised in pesticide-free environments. Cold-processing technology preserves the delicate organic factors that heat and solvents destroy. The MCHC in this formula is a full-spectrum, highly absorbable crystalline compound composed of calcium, phosphorus, organic factors, collagen (type 1) and an active protein matrix, along with its naturally occurring bone growth factors.* Thirty years of research has documented its benefit in optimal bone health.* OsteoMedica® also contains magnesium and vitamin D3 to provide a comprehensive bone support formula.* Vitamin D3 stimulates intestinal calcium absorption and helps regulate calcium and phosphorus homeostasis in the body.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: Keep out of reach of children. **Storage:** Keep tightly closed in a cool, dry place. **Does Not Contain:** Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy.
