

Directions: Take one capsule 1-3 times per day with or after a meal or as directed by your healthcare practitioner.

Pan-V® provides a superior blend of natural plant enzymes active in a broad pH range to aid in food digestion.* Protease breaks down protein, amylase breaks down starch, lipase breaks down fat, cellulase breaks down fiber and lactase breaks down lactose (milk sugar).* Papain and bromelain are primarily protein digesting enzymes. Taken with meals, this formula helps replace naturally occurring enzymes that are destroyed in highly processed and cooked foods.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: Keep out of reach of children.

Storage: Keep tightly closed in a cool, dry place.

Does Not Contain: Milk, eggs, fish, shellfish, peanuts, tree nuts, wheat, soy.
